

GENESIS IVAN AQUINO

Senior Software Developer · PHP · Vue.js · AI Systems · DevOps

aquino.igenesis@gmail.com · 0935-674-1124 · Pasig, Metro Manila, PH · [GitHub](#) · [LinkedIn](#)

PROFESSIONAL SUMMARY

Senior Software Developer with 7+ years of end-to-end software delivery experience, specializing in PHP (Laravel/CodeIgniter) and Vue.js. Proven track record of architecting scalable systems, modernizing legacy codebases, and delivering production-grade features from database design through containerized deployment. Currently contributing to an AI chatbot system powered by OpenAI; experienced with RESTful API design, JWT authentication, Docker-based DevOps, and cross-functional team mentorship.

CORE COMPETENCIES

Backend: PHP (Laravel, CodeIgniter) — primary stack; familiar with Node.js, Python, C#/.NET

Frontend: Vue.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

AI Development: Ollama, LLaMA, OpenAI API, Generative AI Chatbot Development

Databases: MySQL, PostgreSQL, MS SQL, Oracle SQL — schema design & query optimization

DevOps / Infra: Docker (images, containers, compose), Nginx, Linux server administration

Other: RESTful API Design, JWT Authentication, Microservices Architecture, Third-party API Integration, WordPress

Soft Skills: Technical mentorship, code review, agile delivery, stakeholder demos

PROFESSIONAL EXPERIENCE

Senior Web & Application Developer | **Accent Micro Technologies Inc.**

July 2019 – Present

Pasig, Metro Manila

- ▶ **Architected and delivered** a full-stack Document Routing System end-to-end (Laravel backend + Vue.js), reducing manual document handling time across departments
- ▶ **Contributing** to a production AI Chatbot platform using OpenAI API, working on user-facing chat UI and admin management portal
- ▶ **Designed and maintained Docker** image/container infrastructure, streamlining deployment pipelines and enabling horizontal scalability for high-traffic workloads
- ▶ **Modernized and stabilized** a critical multi-module legacy internal system — the company's core operational platform — as full-stack maintainer, contributing new features, eliminating recurring downtime, and extending system lifespan
- ▶ **Built microservices** to separate heavy and slow-running tasks from the main system, reducing processing bottlenecks and improving overall system speed and reliability
- ▶ **Integrated 3rd-party APIs** and implemented email notification plugins, extending platform capabilities without increasing internal infrastructure cost
- ▶ **Mentored junior developers and interns**, conducting code reviews and establishing team coding standards that improved PR quality and reduced review cycles
- ▶ **Presented project demos** to stakeholders, translating technical deliverables into clear business value

Stack: Laravel · CodeIgniter · Vue.js · MySQL · PostgreSQL · Docker · Nginx · Python · Ollama · LLaMA · OpenAI · Linux · WordPress

Laravel Developer | [CMA Mental Arithmetic](#)

May 2018 – July 2019

Pasig, Metro Manila

- ▶ **Built a full HRIS platform** for Overseas Filipino Workers (OFWs), managing payroll, attendance, and employee records for a distributed workforce
- ▶ **Developed an OFW Contact Center system** and public-facing website, enabling multi-channel communication and self-service capabilities for members
- ▶ **Designed and launched a Membership System**, automating enrollment workflows and reducing manual processing overhead for the operations team

Stack: Laravel · Vue.js · HTML · CSS · JavaScript

System Development Engineer | [Simplevia Technologies Inc.](#)

May 2017 – May 2018

Pasig, Metro Manila

- ▶ **Contributed to Schuler**, a multi-module School Management System serving student records, scheduling, and billing
- ▶ **Built a Laptop Monitoring System** and KTX Wallet System, delivering asset-tracking and digital payment capabilities
- ▶ **Developed a Warehouse Management System**, improving inventory accuracy and operational visibility for logistics workflows

Stack: C# · ASP.NET · VB.NET · Laravel · HTML · CSS · JavaScript · MS SQL · MySQL · WordPress

EDUCATION

Bachelor of Science in Computer Science

Taguig City University

Taguig City University — Taguig, Metro Manila, Philippines
